

Dear Quentin & Julie,
I wanted to thank both of you for
your hospitality at the workshop
and for your patience in answering
all of my questions. You guys are
great! I really learned a lot and I
feel much more confident that I can
now build my own house and create
my own story. The workshop was
a great experience even to watch
finish. It was really inspiring & I
love seeing someone else
finish their track. I love seeing
us such a great experience and for
allowing us to have and for
great care of all of us.
Best!
