Dear Quentin and Julie,

Thank you very much for the excellent rammed earth workshop that my son and I attended last weekend.

The willingness that Quentin showed to share all of the many years of experience in the construction of rammed earth homes was greatly appreciated. When Jim and I work on our project here in Springerville we will remember the weekend and feel like you are right here beside us giving hints and instruction as you did at the workshop.

Julie, the hospitality that you showed during the visit made all of us feel more like family than students.

Thank you again for a delightful and profitable weekend.

Sincerely,
